JEZEBEL

JEZEBEL. (JEZ•E•BEL)

n. : A flaunting woman of bold spirit.

WHO IS THIS JEZEBEL? WHAT IS SHE ALL ABOUT?

These are the questions on everyone's lips as JEZEBEL storms the music scene by force... Rocking Mics with a ferocity and beauty in a way that only a woman can.

This Bronx, NY native new exactly what she was doing when she chose the controversial moniker "Jezebel."

She says, "People have their own views on Jezebel, but I viewed her as a woman who wasn't afraid to get what she wants and was the first woman in her time to take over in a male dominated world. And that's what I want to do with this rap game that is dominated mainly by men. I knew the name was risky, but I love that! I love going outside the box and doing what nobody would expect."

And the gorgeous 19 year old is definitely defying expectations...

Jezebel - AKA "Bonita Applebaum" is a Bronx-Based Rapper, Singer, Dancer, and Model

Also carrying the moniker "Bonita Applebaum" (after the hit song by A Tribe Called Quest) Jezebel is finding success in singing, rapping, dancing, and modeling.

Her first aspiration has always been to sing, but rapping is what has brought her talent to the forefront. She states, "I wasn't a real tomboy growing up but I would always fit in with the crowd of guys in school and they would always be rapping."

After a short time, Jezebel met with Kenneth Rogers, CEO of Antartika Records who pushed her to work even harder. She states, "Being a female rapper you sometimes have to work two, three, even four times as hard as a male rapper to be recognized. And even then people always want to compare you with the next female rapper out. But, I think people will hear the difference in my music. I don't want to just rap to be rapping- I want my music to tell a story."
